## Regensburg

Regensburg is the ideal place for a German language course. Founded by the Romans, it is now a UNESCO world heritage site because of its unique and well-preserved medieval city centre where our school is located. You will quickly feel at home and enjoy the beautiful alleys and lanes close to the school.

Regensburg has about 150.000 inhabitants, and some 30.000 university students make it a lively and vibrant place. It is easily reached with direct trains from Munich airport (75 min.) or an airport shuttle that takes you directly to your address.

## Courses

You can start your course on any Monday (beginners once a month) and choose between a standard or intensive course (20, 25 or 30 lessons per week). We also offer exam preparation courses (e.g. for future university students or for the medical professions) and individual tuition.

## Leisure time programme

After class you can enjoy our cultural leisure time programme which includes excursions, conferences, guided tours and much more. You can taste local food, German wine, learn how to cook German dishes and visit beautiful places nearby.
